### More than just a grant

**Previous applicants have found more benefits than the grant alone. Our Health and Wellbeing Manager Helen Kellett is working with one successful applicant from last year, Fluid Motion.**

**Commenting on the work with Fluid Motion, Helen said: “Following the funding from Swimathon Foundation Community Grants, the relationship between Fluid Motion and the Swim England Health and Wellbeing team has gone from strength to strength. We are currently working together on our Swim England health and wellbeing model and how we can collaborate together further.”**

### How to apply for the Swimathon Foundation Community Grants Scheme

**Using a simple online form, applicants are encouraged to apply for a grant between £500 and £2,500.**

**Grants will only be awarded to organisations supported by pools that are participating in Swimathon.**
